Therma~PhaseTM+ is a pressure relieving high density material, containing unique phase-change crystals and copper particles.

The phase-change crystals work by constantly absorbing and releasing body heat to maintain the ideal sleep surface temperature.

The copper infusion works as a super-fast conductor, quickly moving heat to and from the mattress surface as required.

Kaymed reserves the right to change specifications without notice.
Divan and mattress colours shown are for illustrative purposes only.

CertiPUR[®] compliant foam is used in these products

10 year guarantee on complete Kaymed divan set
5 year guarantee followed by 5 year warranty on mattress only

Naturally hypo-allergenic, anti-microbial and dust mite resistant for an improved night's sleep

This mattress is one-sided and doesn't require turning. You should, however rotate the mattress regularly
